

# Coach Core Bristol Apprenticeships

February 2019

## Why Coach Core?

Driven by a desire to build upon the excitement and enthusiasm of the 2012 Olympic Games, Coach Core was launched to inspire people like you through sport and create the next generation of sports coaches who will go on to inspire their communities for many more generations to come.

Today, we are training hundreds of young people across the UK through this amazing scheme, connecting apprentices with the biggest sports clubs in the country and local sport and community organisations, providing unrivalled tuition, paying them a wage, and setting them up for an exciting future. In fact, 88% of apprentices progress to full-time employment or education after graduating from their Coach Core programme.

This year, Coach Core Bristol will employ 15 young people who are passionate about sport and want to go after their goals. We will be inviting applicants to an interactive recruitment day on 17th January 2019. Those who demonstrate their commitment and ambition will then be offered an apprenticeship of up to 15 months, working and training for 30 hours a week, beginning February 2019.
